

Storm Data and Unusual Weather Phenomena - March 2011

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
ILLINOIS, Central				
(IL-Z045) CHAMPAIGN				
	03/05/11 18:00 CST	0		Winter Weather
	03/05/11 23:59 CST	0		

A storm system brought showers and thunderstorms to the region on March 4th into the early morning hours of March 5th. As the system slowly began to depart, northwesterly winds transported colder air into central Illinois during the afternoon and evening of March 5th. As temperatures dipped below freezing, some of the residual water began to freeze on area roadways, creating scattered slick spots. Due to the slick conditions, two accidents occurred on I-57. One person was injured.
